

The ARA Charitable Foundation Launches an Emergency Matching Gift Program

Due to the COVID-19 crisis, The Foundation
has created a 4 x 1 matching gift program.

During this unprecedented period, The ARA Charitable Foundation along with the entire ARA team is committed to supporting our communities and contributing to non-profit organizations that are on the frontlines providing critical aid. The Foundation has a steadfast commitment to lifting others, which is a key component of ARA's philosophy, culture, and values.

As the COVID -19 crisis has resulted in an overwhelming need for food, shelter and other vital services, The ARA Charitable Foundation is proud to announce an Emergency Matching Gift Program. Historically, the Foundation has matched contributions from employees to qualified non-profits of their choice on an equal basis. Effective now through May 31, 2020, The Foundation will increase its match to \$4 for each \$1 donated by an ARA employee to Feeding America, American Red Cross, LA Family Housing, and LA Regional Food Bank. These organizations are providing essential resources throughout the country and in our local Los Angeles communities.

"I want to thank those involved in The ARA Foundation and all of our employees for their dedication to our communities and the charitable causes that positively impact the lives of those in need. Our hope is to provide as much aid as possible and help our employees' financial contributions go further," Stanley Iezman, ARA Chairman and CEO.

In addition to the Emergency Matching Gift Program, The Foundation is providing direct, immediate funds to the listed organizations.

The ARA Charitable Foundation

ARA aims to be a catalyst to create positive change in our communities, both locally and nationwide. To support this goal, the American Realty Advisors Charitable Foundation was established. The Foundation in conjunction with ARA employees contribute to hundreds of organizations a year who provide leadership and support for early childhood and teen education, healthcare, diversity, sustainability, homelessness, food insecurity and many other essential needs.
